Cariboo Divers VideoRay Pro 4 Remotely Operated Vehicle

CARIBOO DIVERS VIDEORAY PRO 4 SPECIFICATIONS

Submersible Dimensions:	37.5, 28.9, 22.3 cm (14.75, 11.4, 8.75 in)
Submersible Weight:	6.1 kg (13.5 lb) with Full Ballast Set
Total System Weight (2 Cases):	38.5 kg (85 lbs)
Depth Rating:	305 m (1,000 ft)

Extended 15 inch dual display control panel

Safe and cost efficient solution for inspections and light salvage in areas that are too confined for divers or would require extensive lockouts for a manned entry. Realtime video files are recorded and stored digitally.

Extra functions include Blueview 450 kHz Sonar, Cygnus ultrasonic thickness gauge, second video camera, depth and heading, auto pilot, auto depth, water temperature and manipulator.
